Dooring is a traffic collision in which a cyclist rides into a car door or is struck by a car door that was opened quickly without checking the side mirror for cyclists. The width of the door zone in which this can happen varies, depending upon the model of car one is passing. The zone can be almost zero for a vehicle with gull-wing doors or much larger for a truck.

Roadkill refers to an animal or animals that have been struck and killed by motor vehicles on highways. It is important because of the animal suffering, loss of wild animals, road safety, and the economic impact on both drivers and road management. For this reason it has increasingly become the topic of academic research to understand the causes, and how it can be mitigated.
