A parterre is a formal garden constructed on a level substrate, consisting of plant beds, typically in symmetrical patterns, which are separated and connected by paths. The borders of the plant beds may be formed with stone or tightly pruned hedging, and their interiors may be planted with flowers or other plants or filled with mulch or gravel. The paths are constituted with gravel or turf grass.

### **Parterre - Wikipedia**

A monastic garden was used by many and for multiple purposes. In many ways, gardening was the chief method of providing food for households, but also encompassed orchards, cemeteries and pleasure gardens, as well as medicinal and cultural uses. Gardening is the deliberate cultivation of plants herbs, fruits, flowers, or vegetables.. Furthermore, gardening was especially important in the ...
